

## State A short course HyTek setup Testing

15 Jun 2019, revised 9 Dec 2025

Dan and Donna Bierschbach

### Introduction

Donna and I tested how HY-Tek would handle swimming a combined 13-19 for preliminary races and then separated finals for 13/14, 15/16, 17-19. In addition, we wanted 2 final heats for 13-14 and 15-16 age groups and 1 final heat for 17-19 age group. We also wanted to ensure that the 9-16<sup>th</sup> places for 17-19 age group would be scored.

The test event we setup ran as desired. Below are screen shots of information used to setup the event and screen shots of the reports that HY-Tek produced.

One minor issue noticed was with the reports. The report generated by Scoring the event was slightly different than the report generated from the Reports/Results menu. This difference might be a setting that I do not have correct for the Report/Results menu.

We are comfortable with running the State A Short course using the configurations shown.

### Revision

After running the State A Short course 2020 meet we discovered an issue with the award labels for swimmers that didn't swim in finals. Award Labels for places 9-16 for 11-12 and 17-19 were affected. Award labels from finals only prints the number of places that swam in finals. We ended up printing 9-16 award labels from Prelim events. These labels have "prelims" in the text. Nice if the label did not say that. We inquired with HyTek to see if the labels could be done another way. They did not have another way.

Donna and Dan

## HY-TEK setup information

If there are events with **Multi-Age Group** where several age groups are swimming together for preliminaries, but swim in separate finals based on their age group, use the Multi-Age Group check box in the Event Edit menu. Note that each age group can have a different number of heats for finals and this is setup in the 3rd column of the Multi-Age Group window. In this situation, the number of heats for finals in the lower right panel of the add/edit event window is ignored. Click [here](#) for examples to consider.

**Example 3:**

Suppose you want to run a meet with heats, finals, and consolation finals and you also want the preliminaries to be mixed. Setup the events as multi-age groups as you wish. When the event is multi-age group with 2 or more rounds, the number of heats for finals in the lower right panel of the add/edit event window is ignored, however, if you want A - Final, B - Final Style, you must check that box as that is not ignored. The setup for number of finals for each age group is contained in the multi-age group window in the 3rd column next to each age group. As an example, you could select 1 Final for the 13-14's and 2 Finals for the 15-18 age group in a 13-18 age group event.

The screenshot shows a dialog box titled "Multi-Age Groups" with four tabs: "Standard A", "Standard B", "U.S. 5 Year", and "FINA 5 Year". The "Standard A" tab is selected. Below the tabs, it says "AGE RANGE = 13 TO 18". There is a table with three columns: "Low Age", "High Age", and "#Final Heats". The table has three rows: Row 1 has Low Age 13, High Age 14, and 1 Final; Row 2 has Low Age 15, High Age 18, and 2 Finals; Row 3 is empty. Below the table, there are instructions: "- Enter up to 24 Age Group ranges to provide separate scoring and finish for each age group.", "- Age Groups cannot overlap and there can be no gaps within the lowest age and the highest age.", "- The highest age permitted is 109.", "- If the event has prelims and finals, specify how many heats in finals for each Age Group." At the bottom are "OK" and "Cancel" buttons.

	Low Age	High Age	#Final Heats
1	13	14	1 Final
2	15	18	2 Finals
3			

- Enter up to 24 Age Group ranges to provide separate scoring and finish for each age group.  
- Age Groups cannot overlap and there can be no gaps within the lowest age and the highest age.  
- The highest age permitted is 109.  
- If the event has prelims and finals, specify how many heats in finals for each Age Group.
