

VISIT
MARSHALL
CULTIVATING THE BEST EXPERIENCES

MARSHALL, MINNESOTA

THE LOCATION

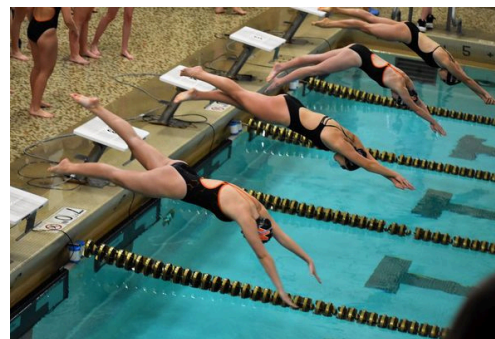

Marshall is the central hub of southwest Minnesota. Located on the prairie, in the middle of everywhere, you'll find Marshall at the corner of Highway 23 and Highway 59.

SPECIAL FEATURES

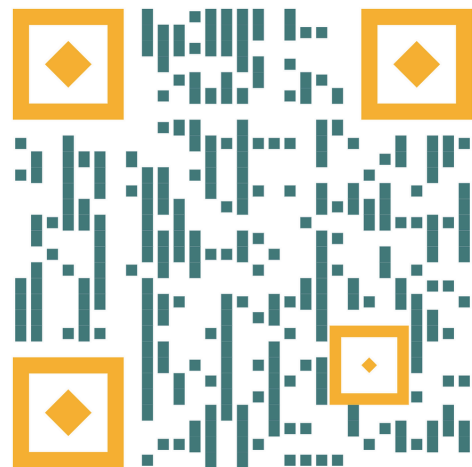

Marshall has a winning combination! Teaming up with Southwest Minnesota State University, Marshall Public Schools, and the City of Marshall, we've created a sports haven that's anything but ordinary. These partnerships have given us access to top-notch facilities that offer a VIP experience for athletes and fans alike.

WHAT VISIT MARSHALL OFFERS

Visit Marshall is happy to offer assistance blocking off hotel rooms, communicating with the hospitality industry, as well as offering visitor information bags for all the teams and or participants as well as grant / sponsorship support.

LETTER OF SUPPORT

On behalf of Visit Marshall and the City of Marshall, I am pleased to offer this letter of support for your proposal to host the South Dakota Short Course State B Championship Swim Meet here in Marshall from February 13–15, 2026. We believe our community, facilities, and hospitality create an excellent venue to host this championship, and we are excited about the opportunity to welcome athletes, coaches, and families to our region.

Marshall is well-equipped to support a major swim event of this caliber. The Don Palm Natatorium at Southwest Minnesota State University underwent renovations in recent years. Beyond the pool, Marshall offers the lodging, dining, and logistical support to accommodate a multi-day championship. With several hotels, restaurants, and recreational options, visitors will find more than just a competition venue — they will discover a warm, welcoming community. Our proximity to regional highway networks makes travel convenient for teams coming from South Dakota and neighboring states.

Hosting the State B Championship here would bring positive economic impact to Marshall and the surrounding area. It will drive out-of-town room nights, tourism spending in local businesses, and exposure for our region across the South Dakota swimming community.

More importantly, it gives local swimmers the chance to compete close to home, inspiring youth in the region and strengthening the ties between swimming communities in Minnesota and South Dakota.

Please consider Marshall as a committed and enthusiastic host for the 2026 South Dakota Short Course State B Championship Swim Meet. We are eager to partner with you, lend our expertise, and help make this event a success for athletes and spectators alike. Thank you for your Consideration
